## Vendor Invitation

Dear prospective vendor,

We would like to invite your company to participate at the **AGIFORS Airline Operations 2010** conference to be hosted by Virgin Blue and V Australia in the vibrant city of Brisbane, Queensland (Australia). The conference has been scheduled for **23-26 May 2010**, and will draw participants from various airline functions, including airport systems, ramp control, aircraft and crew rescheduling, passenger re-accommodation, flight dispatch, flight planning, flight monitoring, weather data provision, ground to air communications, gate allocation, slot control, aircraft maintenance and operations control.

In addition to being a forum for technical papers and discussions, the conference serves as a trade-show where airlines can review products that meet specific needs. This year we are expecting about 75 delegates from 25 airlines. Last year we had several vendors showcasing their products. Each year attendees find the vendor presentations extremely useful and often ask for an expanded vendor program. This year we have tentatively allotted two afternoon sessions for vendor presentations and demonstrations. Please review our tentative agenda, including our extensive social program (attached).

All vendor delegates will pay a **registration fee of USD 750 per person** to participate at the conference. In addition to the conference entrance, this entitles the corresponding company to display space and a fifteen (15) minute presentation on the technical agenda at the Operations conference (if desired). If your company is interested in 'sponsoring' one of the social events, this is possible for an additional fee ranging from \$1000 to \$2500 per event (see attached form). If you are interested in having a hospitality suite, please contact us for more information.

You are cordially invited by:

*Tim Niznik*
